

**The Heights of Abraham Cable Cars, Caverns & Hilltop Park**  
**Matlock Bath, Derbyshire, DE4 3PD**  
**(for Sat Nav use DE4 3NT)**

Welcome to one of the Peak District's most popular days out; an attraction where stunning natural beauty is matched by human achievement, and the historic blends seamlessly with the futuristic.

Since originally opening to visitors in 1780 the Heights of Abraham is the Peak District's oldest and one of its most appealing tourist destinations. In recent times it has become famous for its landmark alpine style cable car system - the first of its kind to be built in the British Isles.

When the cable car arrives at the summit visitors have free access to the unique blend of spectacular Underground Caverns, Exhibitions, Shops, Play Areas, Picnic Spots, Café and Vista Restaurant - all with stunning views in acres of beautiful woodland
